#### **DETAILED ACTION**

## Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 12-16 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Stenild 4,607,579. Stenild clearly teaches a cash box with bill marking means comprising the structure and method as claimed. Specifically, Stenild comprises in Figure 3, an (explosive) spring force 9 which moves ink pack 4 into knives 20.

## Allowable Subject Matter

3. Claims 1-11 are allowed.

### Response to Arguments

4. Applicant's arguments with respect to claims 12-16 have been considered but are moot in view of the new ground(s) of rejection. Although claims 12-16 had previously been indicated as being allowable, in view of the discovery of new prior art to stenild and Touyet, claims 12-16 now stand non-finally rejected as set forth above.
